<b>Family</b>	Armchair / Sofa / Dormeuse / Ottoman / Bench / System / Coffee Table
<b>Designer</b>	Ben van Berkel / UNStudio / 2021

**IT** Node+ è un progetto articolato e complesso che comprende elementi imbottiti, schienali, pareti divisorie e accessori con cui si progettano micro-architetture da dedicare al relax e al lavoro, alla privacy e alla socializzazione – anche tutto nello stesso momento. A partire dai diversi elementi imbottiti si creano infinite configurazioni che rispondono ai bisogni del living e degli spazi collettivi. I pannelli divisorii isolano e proteggono; braccioli, schienali e cuscini si posizionano liberamente; lo scrittoio diventa una postazione di lavoro; i tavolini fungono da supporto aggiuntivo.

**EN** Node+ is a well-structured and complex range of padded pieces, backrests, dividers and accessories. They can be used to design micro-architectural systems that provide the scope for relaxation, work, privacy and socializing, sometimes all at the same time. Padded pieces in a range of shapes and sizes form the cornerstone of the collection. They can be put together in endless arrangements that satisfy all of the needs of living rooms and public spaces. Seclusion and protection are provided by the divider panels; armrests, backrests and cushions can be positioned freely; the desk can be used for working; and the tables provide additional support.

**FR** Node+ est un système subdivisé et complexe qui comprend des éléments rembourrés, des dossiers, des cloisons et des accessoires avec lesquels nous projetons des microarchitectures à dédier au relax, au travail, à la protection de la vie privée et à la socialisation – et le tout, même simultanément. A partir des différents éléments rembourrés, nous avons créé une infinité de configurations qui satisfont toutes les fonctions du living et des espaces de collectivité. Les cloisons isolent et protègent; les accoudoirs, les dossiers et les coussins se placent librement; la tablette écriteoire devient un poste de travail; les tables font office de support supplémentaire.

**DE** Node+ ist ein raffiniertes Projekt mit Polsterelementen, Rückenlehnen, Trennwänden und Beimöbeln. Damit lassen sich Mikro-Architekturen gestalten, die unterschiedliche Bereiche zum Entspannen, zum Arbeiten, für private Momente und Geselligkeit schaffen – und das alles in einem. Ausgehend von verschiedenen Polsterelementen, können vielfältigste Gestaltungen kreiert werden. Dabei werden alle Funktionen des Wohnens und Arbeiten erfüllt: Trennwände isolieren und schützen. Armlehnen, Rückenteile und Kissen können je nach Sitzbedürfnis frei platziert werden. Der Schreibtisch wird zum Arbeitsplatz. Und die Beistelltische bieten zusätzliche Abstellfläche.

**IT** Linee sottili, volumi leggeri, trasversalità. La collezione di poltroncine e divanetti Timo della designer Federica Biasi unisce stile essenziale e forme ispirate alla natura. Le sedute – due poltroncine dining, una poltrona lounge e un divanetto due posti – sono pensate sia per il settore contract sia per l’ambito domestico. Rese confortevoli dalle imbottiture voluminose, hanno linee geometriche ingentilite da angoli smussati e forme che ricordano il mondo naturale, da cui il nome della collezione, che richiama una delle piante mediterranee più amate per il suo profumo dolce e intenso.

**EN** With their slender lines, light volumes and versatile nature, the chairs and sofas in the Timo collection designed by Federica Biasi combine understated style with shapes inspired by nature. Consisting of two dining chairs, a lounge chair and a two-seater sofa, the seating selection is designed for both the home and contract markets. Substantial padding enhances the comfort levels and geometric lines are made sleeker by rounded corners and shapes reminiscent of the natural world, which is behind the name of the collection. “Timo” is Italian for “Thyme”, which is one of the most popular Mediterranean plants due to its rich, sweet aroma.

**FR** Des lignes épurées, des volumes légers, une belle transversalité. La collection de petits fauteuils et divans Timo de la designer Federica Biasi associe un style essentiel et des formes s’inspirant de la nature. Les assises – deux petits fauteuils dining, un fauteuil lounge et un petit divan à deux places – sont conçues aussi bien pour le secteur collectivités que pour le secteur domestique. Elles sont très confortables grâce à leurs rembourrages volumineux, elles possèdent des lignes géométriques adoucies par des angles arrondis et des formes qui rappellent le monde naturel, d’où le nom de la collection qui évoque l’une des plantes méditerranéennes les plus appréciées pour son doux parfum intense.

**DE** Schmale Linien, leichte Volumen, Universalität. Die Designerin Federica Biasi verbindet in ihrer Sessel- und Sofakollektion Timo essentiellen Stil mit den von der Natur inspirierten Formen. Die Sitzmöbel – zwei Esstischsessel, ein Loungesessel und ein Zweisitzer-Sofa – sind sowohl für den Objekt- als auch für den privaten Wohnbereich konzipiert. Durch ihre voluminöse Polsterung sind die Möbel bequem, sie haben geometrische Linien mit abgerundeten Ecken und Formen, die an der Natur inspiriert sind. Daher auch der Name der Kollektion, der an eine der beliebtesten mediterranen Pflanzen mit ihrem intensiven, süßlichen Duft erinnert.
